LinkedIn: LinkedIn

## INVOLVEMENTS

PCSB Club - App Team  
PISB Club - Student Member

## PROJECTS

### KODEKRAKEN

(Flutter, Firebase, Bloc-State Management)

- Student and teacher logins for secure access and assignment tracking.
- Student functionality includes assignment uploads, viewing submission dates, and test cases.
- The app offers an integrated code editor for convenient code writing and submissions.
- Firebase integration manages backend functions efficiently.

### MOVIEBOOK

(Flutter, Bloc, Api)

- The app uses TMDB api to display the popular , trending and coming soon movies and their information
- Integration with the TMDB API for movie data retrieval.
- TMDB login and guest access for user authentication.
- Feedback system for user opinions and issue reporting

### CURRENCYFX

Flutter, Graphs, API

- This is a flutter app built during the hackathon conducted by Northern Trust Company.
- An app showing currency exchange rates over the years 2012 to 2022 between any two currencies using syncfusion chart in flutter.
- Live Currency Conversion using open exchange API's.
- Rates of all the currencies for a given date selected by the user.
- Users have the option of selecting weekly, monthly, quarterly and yearly charts.
- The app displays the date on which the highest and lowest value of the currency has occurred.

### XENIAAPP (ONGOING)

Flutter, GetX, API Integration, Firebase

- A PCSB club app giving the information of the PCSB club's main event called XENIA.
- Implemented using Firebase authentication for secure access.
- Event screen Displays a list of available events hosted by the PCSB club.
- Enables users to register for any event seamlessly through the app, facilitating easy event sign-up and participation.

## ACHIEVEMENTS

- JEE MAINS - 97.98 Percentile
- JEE ADVANCE - 10022
- CET 99.67 - Percentile
